Friday 11th January 2019

Dear Parents and Carers,

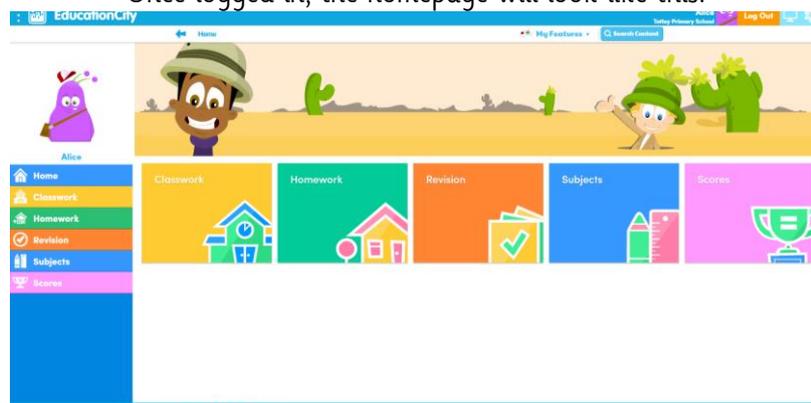

Your child will be coming home with a copy of this letter today, detailing the maths homework they need to complete. Their letter will include a reminder of the login details they'll need.

As you might be aware, children have really been enjoying the games on the Education City website during Revision Club.

Part of Education City is the ability to tailor the games and activities to the children's strengths and areas of development. To personalise this, children need to do an initial quiz on the website. Therefore, for homework this week, children are required to complete the exercise. Here are instructions on how to do this:

First, children need to log on to educationcity.com

Once logged in, the homepage will look like this:

Click Subjects > Mathematics > Year 6. At this point, you'll have a screen like the one below. Click Tests.

Click the test button displayed below and work through the questions at your own pace. If you struggle with one, just move on. Once you've started, you'll need to complete the test in one sitting. It's nothing to worry about: it's just to help shape the revision activities you'll complete during Revision Club.

Thank you, and well done for all your hard work!

Mrs Corrin and Mr Atkinson
