Tuesday 17th September

Our ref:

Dear Parents and Carers,

For the first time, children at Totley have been given the opportunity to visit a local robotics company at The Parkway in Sheffield. AMRC (Advanced Manufacturing Research Centre) has kindly offered to hold robotic workshops with the children as well as give them a tour around some of the robotics they are currently working on! This trip links well to our Computing question about how technology around us works, but also prepares us for our delivery of WER robotics equipment which was fund raised by the PTA.

On **Wednesday 2nd October**, the children will be leaving at **9:00am from school**, and arrive at AMRC at around 9:30am. There, we will be met by the staff who will provide a robotics workshop through the morning. At 12pm, we will stop for lunch, so children will need to bring **their own packed lunch and drinks (preferably their water bottles)**. **If your child is eligible for free school meals, and you wish for them to have a grab bag from school, please let us know by Friday 27th September.** After that, we will be given a tour around a range of robotics equipment before heading back to school at around 2:30pm.

For these opportunities, there is cost involved and therefore a voluntary contribution is requested. The total cost will be £5.98 (coach fee). This contribution is voluntary; however, if we do not receive enough funding then we will have to cancel the event. If you feel that it would be difficult to contribute then please speak to myself, or Mr Paxman

Please note that paying for the trip and giving permission is all through ParentPay.

Thank you

Mr Cooper
