Tuesday 18th June 2019

Dear Parents / Carers,

As you may have seen in the recent newsletter we have a very exciting date for your diaries! Our Phiz Lab (the old Y6 classroom) is officially being opened on Tuesday 25th June. This will be a dedicated space for science learning and is set to be a fantastic addition to our school's resources. For more information about the Ogden Phiz Labs please visit <https://www.ogdentrust.com/school-partnerships/phiz-labs>

We are having a fun filled day of activities involving all of the science ambassadors from our Partnership Schools. We are going to open the doors to parents from half past 2 so that you can come and have a little look around too at the end of the school day.

We are hoping that our children will be able to use this fantastic resource next year on a regular basis to enhance their science learning. It will also be timetabled for the other schools in our partnership to come and access.

I hope you are able to join us to explore our new addition and if you have any questions or comments please do not hesitate to contact me.

Thank you.

Yours sincerely

Mrs Huckerby
